### Actuators

#### Quadrant

Double Rack & Pinion Pneumatic Actuators, Double-Acting and Spring-Return Models, Dual Position Limit Stops,

### Ball Valves

#### JVF

Up to 6000# ball valves with end connections including: Tubing, NPT, ISO.

#### KOR-LOK

Instrumentation Ball Valves up to 10000psi with end connections including: Tubing, NPT, ISO with different seat options.

#### QUADRANT

2 Way and 3 Way, up to 11,000 psi, API 607 & API 608 Compliant. Designed and manufactured with the safest, most contemporary quarter-turn valve products available anywhere on the globe.

#### SVF

Up to 2500# ANSI Ball Valves, Cryogenic, Special Applications, Double Block and Bleed, ISO, SAE, DIN, Fugitive Emissions.

#### TYLOK

Instrumentation Ball Valves up to 6000 psi with end connections including: Tubing and NPT.

### Butterfly Valves

#### QUADRANT

2"-48", Wafer/Lug, NACE, CFR 46 Category A by USCG, API 609.

### Check Valves

#### KOR-LOK

General Purpose, High Pressure and compact one piece check valves.

### Custom Products

We can provide custom manufactured products w/ Tube and Pipe connections. Our manufacturer has CNC machine capabilities and we can provide CAD drawings

### Double Block and Bleed

#### ANDERSON GREENWOOD

Keyblock; Ball & Globe Style Needle Valves, Integrally Forged Body, FLGD & THD Connections, Integrally Forged Body. Monoflange; Globe Style Needle Valves, FLGD & THD, Slimline Integrally Forged Body.

### Exotic Alloys

We stock fittings and valves many different alloys.

### Gauges

#### GAUGES

Utility, Commercial, Pneumatic, Process, And Hydraulic both Dry and Liquid Filled. Gauges available both in Stainless Steel and Brass. Diaphragm seals designed to lengthen the life of a gauge or instrument. We also have Special Service items, Test, and Thermometers.

### Instrumentation Valves

#### ANDERSON GREENWOOD

Flow, Static Pressure, and Liquid Level. 2-Valve, 3-Valve, and 5-Valve, Flanged and Threaded, Direct Mount. Stabilized Futbol/ Connector that transfers the radial stress load away from the NPT connections.

#### KOR-LOK

1/16"-2", Double Ferrule Design, SS, Brass, Teflon, and other alloys. Including: Needle Valves, Ball Valves, Check Valves, Plug Valves and Manifold Valves including: 2-Valve, 3-Valve and 5-Valve, Flanged, Threaded and Direct Mount.

#### TYLOK

1/16"-1", Single and Double Ferrule Design, SS, Brass, and Carbon. Needle Valves, Ball Valves and Plug valves. 1/8"-1", 5000#, 6000#, Teflon Packed, Grafoil Packed

### Sample Cylinders

DOT Compliant, 1/4"NPT, 3/8"NPT, & 1/2"NPT End Connections, 75 CC, 100 CC, 300 CC, 500 CC, 1000 CC, & 2250 CC, Coating for H2S Service, Tantaline treated.

### Quick Connectors

#### TYLOK

Stainless Steel, Tube, NPT, and Bulkhead end connections,

### Tantaline

#### TANTALINE SURFACE ALLOY

Tantaline products have all the chemical properties of tantalum metal and are inert to almost any acid, including hydrochloric acid, sulphuric acid and nitric acid at temperatures as high as 300Deg C. Because Tantaline takes advantage of tantalum metal's extraordinary corrosion resistant properties, Tantaline has shown time and time again to exceed the lifetime of specialty alloys by 5-50x.

### Tube Fittings

#### ANDERSON FITTING

Brass compression fittings, Flare fittings, DOT fittings, PEX Fittings, Poly Fit fittings, and Barb Fittings.

#### BRENNAN INDUSTRIES

Hydraulic Bite Type fittings & JIC Type.

#### COLLINS INSTRUMENT CO.

Custom Fittings, Exotic Alloys Hastelloy B/C, Zirconium, Titanium, Nickel 200, Inconel 600 & Alloy 20.

#### KOR-LOK

Interchangeable with all Tube Fittings manufactured to a universal standard, Double Ferrule design, 1/16"-2" and 3MM-38MM, SS, Brass, and other alloys, Heat Traceable, Tube Fittings, Pipe Fittings, Needle Valves, Ball Valves, Filters, Manifold Valves, Check Valves.

#### TYLOK FITTINGS AND VALVES

Single and Double Ferrule design along with the Standard Fitting. Sizes from 1/16"-1", SS, Brass, Tube Fittings, Needle Valves, Check Valves, Ball Valves, Manifold Valves, and Quick Connectors.

#### OTHER MFGS AVAILABLE :

Swagelok, Parker, Hoke/Gyrolok

### Tubing And Accessories

#### KOR-LOK

AP/BA/EP Polished.

#### MRAMCO

Nameplate Engraving

#### SANDVIK

304,316 SMLS

#### TECHLINE

304, 316, Coiled and Straight tubing. Perforated Angle (Aluminum and Hot Dipped Galvanized), Channel, Single Stands, Double Stands, Triple Stands, Wall Stands, Tubing Clamps and other misc. hardware. Tubing clamps include yoke and gang clamps.
